

CYBERSECURITY SERVICES

K-12 Cyber Advisory Services

Secure. Comply. Prepare for AI.

SOC 2
TYPE II
CERTIFIED

K-12 institutions are under increasing pressure to safeguard student data, comply with regulations, and manage the growing risks of AI in education technology. Sourcepass GOV is your dedicated partner in building resilient, compliant, and future-ready cybersecurity.

We provide tailored cyber advisory services for public schools and districts—whether you need to close compliance gaps, improve policies and training, or get ahead of AI-related data threats.

What We Deliver:

1. NYS Education Law 2D Compliance

We help districts interpret, align with, and demonstrate compliance across the seven key areas:

- Student Data Privacy (FERPA & HIPAA alignment)
- Vendor Risk & Third-Party Contract Review
- Security Awareness Training for Staff & Admins
- Data Privacy and Security Bill of Rights Compliance
- Security Incident Response Planning & Notification
- Development of Required Policies, Plans, & Procedures
- Guidance on Unauthorized Disclosure Complaint Processes

2. NIST CSF-Aligned Cyber Risk Assessment

We conduct a full cybersecurity posture review mapped to the NIST Cybersecurity Framework, giving your team actionable insights to reduce risk and improve readiness.

- Risk identification and prioritization
- Threat landscape and vulnerability review
- Control gap analysis and remediation roadmap
- Policy and documentation enhancement
- Reporting suitable for Board of Ed or compliance audits

3. AI Readiness Risk Assessment

Get ahead of emerging regulatory expectations around AI in education.

We assess:

- **AI-Driven Software Risks (e.g., edtech, chatbots, grading tools)**
- **Data Privacy & Security Concerns**
- **Accountability Gaps in AI Usage**
- **Third-Party AI Tools & Integration Risks**
- **Incident Response Plans for AI-Related Breaches**
- **Policies & Procedures for Responsible AI Deployment**
- **Contingency Planning for High-Risk AI/Data Tools**

Why Sourcepass GOV?

Certified Expertise:

Deep knowledge of public sector mandates including NYS Ed Law 2D, CIS Controls, FERPA, HIPAA, and CJIS.

Public Sector Focused:

A dedicated division serving State, Local, and Education (SLED) agencies—backed by our in-house SOC, NOC, and compliance specialists.

Tailored Advisory, Not One-Size-Fits-All:

We work side-by-side with superintendents, IT leaders, and compliance officers to craft realistic, sustainable strategies.

Audit-Ready Documentation:

All deliverables—risk assessments, policies, incident response plans—are packaged to meet regulatory and auditor expectations.

Ready to Strengthen Your Cyber Posture?

Whether you're responding to a specific NYS requirement or proactively preparing for AI risk, Sourcepass GOV is your trusted partner in K-12 cybersecurity compliance.
