

The Sourcepass Ecosystem

Experience onboarding that's organized, transparent, and built for what comes next.

Innovative IT, Cloud, and Business Solutions Designed to Move Your Organization Forward

At Sourcepass, we deliver more than technology services—we deliver a complete ecosystem that connects IT management, business applications, and strategic innovation.

Through our integrated platforms and specialized divisions, we help organizations modernize, secure, and scale their operations with confidence.

Our Ecosystem Brings Together Three Core Elements:

- Sourcepass Managed IT
- Sourcepass MCOE (Microsoft Center of Excellence)
- Sourcepass ERP (Enterprise Resource Planning)

Together, they create a unified framework for digital transformation.

Core Services

- Managed IT & Cloud Services
- Cybersecurity & Compliance
- Infrastructure Modernization
- vCIO & Strategic Advisory
- SOC, NOC, and ROC Operations

AN ELEVATED EXPERIENCE

Sourcepass Modern IT

Sourcepass delivers fully managed and co-managed IT services designed to simplify operations and strengthen business performance.

Our approach combines excellent service with strategic guidance, empowering clients to modernize their infrastructure, enhance security, and gain real-time insights through our Quest® platform.

The Sourcepass Ecosystem

Experience onboarding that's organized, transparent, and built for what comes next.

WHAT SETS SOURCEPASS APART

SOC, NOC, and ROC Operations

Quest® Platform:

Real-time automation, AI-driven insights, and transparent service delivery.

Nationwide Coverage:

Serving SMBs across the U.S. with regional expertise.

Client-Centric Model:

Dedicated teams for onboarding, support, and account management.

ACCELERATE YOUR MICROSOFT CLOUD TRANSFORMATION

Sourcepass MCOE (Microsoft Center of Excellence)

The Sourcepass Microsoft Center of Excellence (MCOE) brings together certified specialists in Microsoft technologies to help organizations harness the full value of the Microsoft Cloud ecosystem.

From licensing optimization to advanced adoption strategies, our MCOE ensures every Microsoft investment drives measurable business results.

Areas of Expertise

- Microsoft 365 Deployment & Security Hardening
- Azure Infrastructure & Migration
- SharePoint & Teams Collaboration Solutions
- Microsoft Copilot for AI-Driven Productivity
- Microsoft Defender & Endpoint Security

The Sourcepass MCOE Advantage

- **Deep Microsoft Partnership:** Microsoft Solution Partner in Modern Work and Azure.
- **Strategic Enablement:** Governance, adoption, and security built into every deployment.
- **Proven Expertise:** Thousands of successful Microsoft cloud migrations.

The Sourcepass Ecosystem
